Department of Defense Computers For Learning Program
Welcome to the Department of Defense (DOD) Computers for Learning (CFL) Program

The DOD CFL program was created to provide useful IT equipment to schools and educational nonprofit organizations serving grades pre-K through 12. The DOD CFL program is designed to streamline the transfer of excess and surplus DOD IT equipment to schools.

The application process is simple, just apply on-line and submit a Memorandum of Agreement. In addition, Private and Parochial Schools and Non-Profit Educational Entities also need to complete and submit an End Use Certificate (EUC) and be approved through the Trade Security Control (TSC) Office.

NOTE: You must use Internet Explorer to complete the forms required for the CFL program

Continue

- Now that you have requisitioned an item, you want to be sure to check the system daily or at least every Monday Morning. This will give you the best opportunity to find the equipment you are looking for.
- DoD customers have the opportunity to requisition the items up to the 14th day of screening. If the items you selected have not been requisitioned by DoD you will then receive notification of your requisition. Remember, you are responsible for transportation!

REQUEST: We would love to hear your success stories. If you have received a good amount of equipment or set up a new computer lab we would love to hear about it. Please take some photos and give us a call or email. Thank you in advance.
